

SUITE 0240A
8,224RSF

This is a detailed architectural floor plan for Suite 0240A, which is 8,224 square feet in size. The plan shows a large central open office area with several smaller rooms, including a conference room, a bathroom, and a kitchen area. A staircase is located on the right side of the suite. The plan also shows the suite's location within a larger building, with a hallway and other rooms visible. The drawing uses various hatching patterns to indicate different materials or construction details.
